

Content

Chapter One

Derivatives

1.1	Introduction	2
1.2	Limits	2
1.3	Continuity	12
	□ <i>Exercise 1 (A)</i>	14
1.4	Derivatives	20
1.5	Increasing and Decreasing Functions	31
1.6	The Derivative as a Rate of Change	33
1.7	Higher Order Derivatives	35
	□ <i>Exercise 1 (B)</i>	35
	□ <i>Key Terms</i>	44
	□ <i>Review Problems</i>	45

Chapter Two

Applications of Derivatives

2.1	Introduction	49
2.2	Marginal Analysis in Business and Economics	49
2.3	Elasticity of Demand	53
2.4	Describing Graph of a Function	58
2.5	Optimization Problems	62
2.6	Profit Maximization under Perfect Competition	72
2.7	Profit Maximization under Monopoly	74
2.8	Marginal Profit Analysis	77
	□ <i>Exercises</i>	80
	□ <i>Key Terms</i>	88
	□ <i>Review Problems</i>	89

Chapter Three

Functions of Several Variables

3.1	Introduction	92
3.2	Partial Derivatives.....	96
	❑ <i>Exercise 3 (A)</i>	101
3.3	Differentials.....	106
3.4	Total Differentials.....	109
	❑ <i>Exercise 3 (B)</i>	115
3.5	Total Derivative.....	118
3.6	Derivatives of Implicit Functions.....	122
	❑ <i>Exercise 3 (C)</i>	126
	❑ <i>Key Terms</i>	128
	❑ <i>Review Problems</i>	129

Chapter Four

Optimization: Functions of Several Variables

4.1	Introduction	131
4.2	Relative Extremum.....	131
4.3	Discriminating Monopolist	137
4.4	Extreme Values under a Constraint: Lagrange's Multiplier Method.....	140
	❑ <i>Exercise 4</i>	147
	❑ <i>Key Terms</i>	155
	❑ <i>Review Problems</i>	155

Chapter Five

Integration

5.1	Introduction	158
5.2	Indefinite Integrals.....	158
5.3	Initial Conditions or Boundary Conditions	160
5.4	Techniques of Integration	163
5.5	Definite Integrals.....	177
5.6	Area under the Graph.....	179
5.7	Consumers' Surplus and Producers' Surplus	180
5.8	Improper Integrals	182

5.9	Differential Equations.....	183
	❑ <i>Exercise 5</i>	186
	❑ <i>Key Terms</i>	200
	❑ <i>Review Problems</i>	201

Chapter Six

Linear Programming

6.1	Introduction	205
6.2	Linear Inequalities.....	205
6.3	Model Formulation	208
6.4	Graphical Solution Procedure	211
6.5	Some Exceptional Cases	216
	❑ <i>Exercise 6</i>	222
	❑ <i>Key Terms</i>	228
	❑ <i>Review Problems</i>	229
	Syllabus	232
	Sample Question	234
	References	239
