

Contents

Chapter 1	Introduction	
	Introduction to Economics	1
	<i>Meaning of Economics</i>	1
	<i>Definitions of Economics</i>	2
	Introduction to Economic Theory	3
	<i>The Structure of Theories</i>	5
	<i>Importance of Assumptions</i>	7
	Problem of Scarcity	9
	<i>Scarce Resources of Production</i>	10
	<i>Thinking in Terms of Scarcity's Effects</i>	12
	<i>Three Fundamental Economic Questions</i>	13
	<i>Opportunity Cost</i>	14
	<i>The Production Possibilities Curve</i>	16
	<i>Marginal Rate of Transformation (MRT)</i>	19
	<i>The Law of Increasing Opportunity Costs</i>	19
	<i>Constant Opportunity Cost</i>	20
	<i>Shift in Production Possibility Curve (PPC) and Economic Growth ..</i>	21
	<i>Introduction to Microeconomics and Macroeconomics</i>	23
	<i>Microeconomics</i>	23
	<i>Macroeconomics</i>	25
	Function of Microeconomic Theory	27
	<i>Importance of Microeconomics</i>	28
	<i>Interdependence between Microeconomics and Macroeconomics</i>	29
	<i>Dependence of Macroeconomics on Microeconomics</i>	29
	<i>Dependence of Microeconomics on Macroeconomics</i>	30
	Comparative Statics and Dynamics	31
	<i>Static and Comparative Statistics</i>	33
	<i>Comparative Statics</i>	38
	<i>Dynamic Equilibrium</i>	41
	Positive and Normative Economics	44
	<i>Positive and Normative Statements</i>	45
	<i>The Relation between Positive and Normative Economics</i>	48
	Fundamental Principles of Economics	49
	<i>Chapter Questions</i>	52

Chapter 2 **Theory of Consumer Behavior**

Part A: Demand, Supply and Equilibrium

Meaning and Concept of Demand	55
<i>Law of Demand</i>	59
<i>Exceptions of the Law of Demand</i>	61
<i>Determinants of Demand</i>	62
<i>Individual Demand Schedule and Derivation of Individual Demand Curve</i>	63
<i>Movement along and Shift of a Demand Curve</i>	68
Theory of Supply	72
<i>Law of Supply</i>	73
<i>Derivation of Single Producer's Supply Curve</i>	76
<i>Movement along and Shift of a Supply Curve</i>	79
Market Equilibrium and Determination of Equilibrium Price	82
<i>Sample Numerical Problems and Solution</i>	89
<i>Chapter Questions</i>	96

Part B: Measurement of Elasticity of Demand and Supply

Concept of Elasticity	98
Types of Elasticity of Demand	98
Methods of Measurement of Price Elasticity of Demand	107
<i>Total Outlay or Expenditure Method</i>	107
<i>Point Method of Measuring Elasticity of Demand</i>	110
<i>Arc Elasticity of Demand</i>	117
Determinants of Price Elasticity of Demand	118
Uses of the Concept of Elasticity of Demand	119
Price Elasticity of Supply	124
Measurement of Elasticity of Supply (Geometry of Elasticity of Supply)	126
Factors that Determine Elasticity of Supply	131
<i>Sample Numerical Problems and Solution</i>	133
<i>Chapter Questions</i>	140

Part C: Theory of Consumer Behaviour

Concept of Utility	143
Consumer's Utility Analysis	143
<i>Cardinal Approach</i>	143
<i>Basic Assumptions of Cardinal Utility Analysis</i>	145
Law of Diminishing Marginal Utility	146

<i>Derivation of Demand Curve from the Law of Diminishing Marginal Utility</i>	148
Law of Equi-Marginal Utility: Consumer's Equilibrium	150
<i>Derivation of Demand Curve from Equi-marginal Utility Approach</i> .	152
Ordinal Approach to Utility Analysis	154
<i>Assumptions of Ordinal (Indifference Curve) Approach</i>	155
<i>The Indifference Curve (IC) Approach to Utility Analysis</i>	155
<i>Marginal Rate of Substitution (MRS)</i>	157
<i>Indifference Map</i>	160
Properties of Indifference Curves of Two Goods	160
<i>Budget Constraint or Budget Line</i>	166
<i>Budget Line Gymnastics (Change in the Budget Line)</i>	169
Consumer's Equilibrium under Ordinal Utility: Consumer's Equilibrium under Indifference Curve Approach	171
Income Effect and the Income Consumption Curve	174
<i>The Case of Normal Goods</i>	175
<i>Income Effect in the Case of an Inferior Good</i>	176
<i>The Case of Neutral Goods</i>	177
<i>Income Effect and Derivation of Engle Curve</i>	178
<i>Price Effect and Price Consumption Curve (PCC)</i>	179
<i>Price Effect in Case of Giffen Good</i>	180
Separation of Price Effect into Substitution and Income Effects	181
<i>Hicks and Slutsky Decomposition of Income and Substitution Effects</i>	183
<i>Income and Substitution Effect for Inferior Goods</i>	189
<i>Income and Substitution Effect for Giffen Goods</i>	190
<i>Price Effect and Derivation of Demand Curve: Normal Good</i>	192
<i>Engel Curve vs. Demand Curve</i>	193
<i>Comparison of Cardinal Utility Analysis with Ordinal Utility Analysis</i>	193
<i>Superiority of Ordinal Utility Approach</i>	194
<i>Criticisms of Indifference Curve</i>	195
Sample Numerical Problems and Solution	197
Chapter Questions	203

Chapter 3 Production and Cost

Part A: Theory of Production

Meaning of Production	205
<i>Fixed and Variable Factors of Production</i>	206
<i>Production Function</i>	206
<i>Total Product, Average Product and Marginal Product</i>	207
<i>Short Run and the Long Run in Production Activities</i>	209
Laws of Production Function	210
<i>Law of Variable Proportion</i>	210
<i>Importance of the Law of Diminishing Returns</i>	216
Production with Two Variable Inputs: The Concept of Isoquant	217
<i>Isoquant Map</i>	218
<i>Marginal Rate of Technical Substitution (MRTS)</i>	218
<i>Diminishing Marginal Rate of Technical Substitution</i>	220
<i>Properties of Isoquant</i>	221
<i>Exceptions to the General Properties</i>	223
Isocost Line	225
<i>Shift in Iso-Cost Line</i>	226
<i>Least-Cost Combination of Factors</i>	228
<i>Expansion Path or Scale Line of the Firm</i>	229
Laws of Returns to Scale: Long Run Production Behaviour	233
<i>Increasing Returns to Scale (IRS)</i>	233
<i>Constant Returns to Scale (CRS)</i>	234
<i>Decreasing Returns to Scale (DRS)</i>	235
Sample Numerical Questions and Solution	239
Chapter Questions	242
Part B: Cost and Cost Curves	244
Concept of Cost of Production	244
<i>Explicit Cost</i>	244
<i>Implicit Cost</i>	244
<i>Opportunity Cost</i>	245
<i>Accounting Cost</i>	245
<i>Economic Cost</i>	246
<i>Sunk Cost</i>	246
Short Run Cost	248
<i>Short-run Total Costs</i>	249
<i>Geometry of Short-run Total Costs</i>	251

<i>Short-run Per-Unit Costs</i>	252
<i>Geometry of short-run Per-Unit costs</i>	255
<i>Relationship between AC and MC</i>	258
<i>Derivation of Short-run Per-Unit Cost Curves from Total Costs</i>	258
Long Run Cost Curves	263
<i>Long-run Total Cost (LTC)</i>	264
<i>Long-run Average Cost (LAC)</i>	264
<i>Long-run Marginal Cost (LMC)</i>	267
Economies of Scale	269
<i>Types of Economies of Scale</i>	270
Optimum Firm	273
<i>Factors Affecting the Optimum Size of the Firm</i>	277
Sample Numerical Questions and Solution	280
Chapter Questions	283
Part C: Revenue Curves	284
Concept of Revenue	284
<i>Concepts of Total, Average and Marginal Revenues</i>	284
<i>Relation between AR and MR</i>	285
<i>Relation under Perfect Competition</i>	285
<i>Relation under Imperfect Competition</i>	287
<i>Relation between AR and MR Curves in Imperfect Competition Market</i>	290
Chapter Question	292

Chapter 4 Market Structures and Pricing

Introduction to the Concept of Product Pricing	293
<i>Market Structure and Product Pricing</i>	294
Product Pricing in a Market of Perfect Competition	294
<i>Price and Output Determination under Perfect Competition</i>	295
<i>Marginal Revenue-Marginal Cost (MR-MC) Approach</i>	296
<i>Short Run Equilibrium of the Industry</i>	297
<i>Short-Run Equilibrium of the Firm</i>	297
<i>Long Run Equilibrium of Firm</i>	299
Product Pricing in Monopoly Market	301
<i>Reasons for Monopoly</i>	302
<i>Price and Output Determination under Monopoly</i>	302
<i>Short-Run Equilibrium of the Monopoly</i>	302

<i>Long Run Equilibrium of Firm under Monopoly</i>	305
Price Discrimination under Monopoly	306
Dumping	311
Product Pricing in Monopolistic Competition	312
<i>Characteristics of Monopolistic Competition</i>	312
<i>Equilibrium Output and Price Determination of a Firm under Monopolistic Competition</i>	314
<i>The Short Run Equilibrium</i>	314
<i>The Long-Run Equilibrium</i>	316
<i>Difference between Perfect Competition and Monopolistic Competition</i>	317
Introduction to Oligopoly Business Market	318
<i>Characteristics of Oligopoly</i>	318
<i>Main Attributes of Market Structure</i>	319
Price and Non-price Competition	320
<i>Price Competition</i>	321
<i>Non-price Competition</i>	321
Market Structure and Degree of Firm's Market Power	326
<i>The Lerner Index (LI)</i>	327
<i>The Herfindahl- Hirschman Index (HHI) and Market Power</i>	329
Sample Numerical Questions and Solution	330
Chapter Questions	338

Chapter 5 Theory of Distribution

Meaning of Factor Pricing	339
Factor Market Structures	340
Factor Pricing In Perfectly Competitive Markets	340
<i>The Demand Curve of a Firm for a Single Variable Input</i>	341
<i>Shape of MRP and VMP Curves</i>	344
<i>Optimum Condition for Hiring a Factor (Labour) by a Firm</i>	345
Demand for a Factor Input when Several Inputs are Variable	351
<i>The Market/Industry Demand for a Factor</i>	353
<i>The Supply of Labour (a Variable Factor) in Perfectly Competitive Markets</i>	355
<i>The Work-Leisure Trade Off: Backward-Bending Labour Supply Curve</i>	356
<i>Market Supply Curve for an Input (Labour)</i>	359

<i>The Determination of the Factor Price in Perfectly Competitive Market</i>	360
Factor Pricing in Imperfect Competition Market	361
<i>Demand for a Variable Factor by a Monopolistic Firm when Many Factors are Used</i>	364
<i>The Market Demand for and Supply of Labour</i>	365
Bilateral Monopoly	367
Theories of Rent	371
<i>Modern Theory of Rent</i>	371
<i>The Concept of Quasi – Rent</i>	374
Theories of Interest Rate	374
<i>Loanable Funds Theory of Interest</i>	374
Liquidity Preference Theory of Interest	378
Theories of Profit	383
<i>Dynamic Theory of Profit</i>	385
<i>Innovation Theory of Profit</i>	387
Concept of Wage Differential	389
<i>Wage Differentials Due to Heterogeneity of Labour</i>	389
<i>The Nature and Causes of Persisting Wage Differentials</i>	390
Minimum Wages and Brain Drain	391
<i>Effects of Minimum Wage</i>	391
<i>Brain Drain</i>	392
Chapter Questions	393
Pokhara University Board Exam Questions	394
Bibliography	401
