

Contents

Chapter 1 Introduction

Introduction to Economic Theory	1
Problem of Scarcity and Choice	2
<i>Economics as a Study of the Allocation of Scarce Resources</i>	2
Introduction to the Economic Problem	3
<i>The Allocation Problem</i>	4
<i>Provisioning</i>	6
<i>Economic Activities</i>	6
<i>Technology</i>	7
Allocation, Provisioning and the Economic System	7
Production Possibility Function	8
<i>Economic Efficiency</i>	10
<i>Pareto Efficiency</i>	12
Introduction to Microeconomics and Macroeconomics	13
<i>Microeconomics</i>	13
<i>Macroeconomics</i>	14
Interdependence between Microeconomics and Macroeconomics	19
<i>Dependence of Macroeconomics on Microeconomics</i>	19
<i>Dependence of Microeconomics on Macroeconomics</i>	20
Comparative Statics and Dynamics	21
<i>Static Equilibrium</i>	22
<i>Comparative Statics</i>	22
<i>Dynamic Equilibrium</i>	24
<i>True Dynamics</i>	24
<i>Stability of Equilibrium</i>	25
Positive and Normative Economics	25
<i>Positive Statements of Economics</i>	26
<i>Normative Statements of Economics</i>	26
Chapter Questions	27

Chapter 2 Demand Supply and Equilibrium

Market Economy	28
Controlled Economy	29
Mixed Economy	30
Demand Analysis	30
<i>Meaning of Desire</i>	30
<i>Meaning of Demand</i>	30

<i>Demand Function</i>	32
<i>Types of Demand</i>	32
<i>Law of Demand</i>	34
<i>Exceptions of the Law of Demand</i>	36
<i>Determinants of Demand</i>	37
<i>Derivation of Individual Demand Curve</i>	38
<i>Derivation of Market Demand Curve</i>	40
Change in Demand	41
<i>Movement along the Demand Curve</i>	41
<i>Shift in Demand Curve</i>	42
<i>Factors Causing Shift in Demand Curve</i>	43
<i>Differences between Movement along Demand Curve and Shift in Demand Curve</i>	44
<i>Reasons behind Downward Sloping Demand Curve</i>	45
Theory of Supply	46
<i>Meaning of Supply</i>	46
<i>Law of Supply</i>	46
<i>Exceptions or Limitations or Criticisms of the Law of Supply</i>	48
Derivation of Single Producer's Supply Curve	49
Derivation of Market Supply Curve	50
Change in Supply	51
<i>Movement along the Supply Curve</i>	52
<i>Shift in Supply Curve</i>	52
<i>Factors Causing Shift in Supply Curve</i>	53
Interaction between Demand and Supply	55
<i>Change in Equilibrium</i>	56
<i>Relative Magnitudes of Change</i>	59
Chapter Questions	61

Chapter 3 Measurement of Elasticity

Introduction	64
Types of Elasticity of Demand	64
<i>Price Elasticity of Demand</i>	64
<i>Income Elasticity of Demand</i>	69
<i>Cross Elasticity of Demand</i>	72
Methods of Measurement of Price Elasticity of Demand	74
<i>Total Outlay or Expenditure Method</i>	75
<i>Point Method of Measuring Elasticity of Demand</i>	78
<i>Arc Elasticity of Demand</i>	86
Numerical Illustrations	87
Determinants of Price Elasticity of Demand	88

Uses of Elasticity of Demand	89
Price Elasticity of Demand and Revenue of the Firm	91
Price Elasticity of Supply	94
<i>Basic Concept</i>	94
<i>Measuring Elasticity of Supply by Arc Method</i>	95
<i>Types of Price Elasticity of Supply</i>	96
<i>Measurement of Elasticity of Supply (Geometry of</i>	
<i>Elasticity of Supply)</i>	99
<i>Measuring Elasticity of Supply in the Case of a Non-Linear</i>	
<i>Supply Curve</i>	102
<i>Factors that Determine Elasticity of Supply</i>	103
Chapter Questions	105

Chapter 4 **Consumer Demand Theory**

Concept of Utility	108
Consumer's Utility Analysis	108
<i>Cardinal Approach</i>	108
<i>The Concepts of Total Utility and Marginal Utility</i>	109
<i>Basic Assumptions of Cardinal Utility Analysis</i>	110
Law of Diminishing Marginal Utility	111
<i>Derivation of Demand Curve from the Law of Diminishing</i>	
<i>Marginal Utility</i>	114
Law of Equi-Marginal Utility: Consumer's Equilibrium	115
<i>Derivation of Demand Curve from Equi-marginal Utility</i>	
<i>Approach</i>	117
Ordinal Approach to Utility Analysis	119
<i>Assumptions of Ordinal (Indifference Curve) Approach</i>	120
<i>The Indifference Curve (IC) Approach to Utility Analysis</i>	121
<i>Marginal Rate of Substitution (MRS)</i>	123
<i>Indifference Map</i>	125
<i>Properties of Indifference Curves of Two Goods</i>	126
<i>Indifference Curves for Perfect Substitutes and</i>	
<i>Perfect Complements</i>	130
<i>Budget Constraint or Budget Line</i>	132
<i>Budget Line Gymnastics (Change in the Budget Line)</i>	135
Consumer's Equilibrium under Ordinal Utility (Indifference Curve)	
Approach	137
<i>Conditions Required for Consumer's Equilibrium</i>	138
Income Effect and the Income Consumption Curve	140
<i>The Case of Normal Goods</i>	140

<i>Income Effect in the Case of an Inferior Good</i>	141
<i>The Case of Neutral Goods</i>	143
<i>Income Effect and Derivation of Engle Curve</i>	144
<i>Price Effect</i>	145
<i>Price Effect in Case of Giffen Good</i>	146
Separation of Price Effect into Substitution and Income Effects	148
<i>Hicks and Slutsky Decomposition of Income and Substitution Effects</i>	149
<i>Income and Substitution Effect for Inferior Goods</i>	156
<i>Income and Substitution Effect for Giffen Goods</i>	157
<i>Price Effect and Derivation of Demand Curve: Normal Good</i>	158
<i>Engel Curve vs. Demand Curve</i>	160
<i>Superiority of Ordinal Utility</i>	160
Chapter Questions	163

Chapter 5 Theory of Production

Meaning of Production	164
Fixed and Variable Factors of Production	164
<i>Production Function</i>	165
<i>Total Product, Average Product and Marginal Product</i>	166
Laws of Production Function	168
<i>Law of Variable Proportion</i>	168
<i>Importance of the Law of Diminishing Returns</i>	174
Isoquant	174
<i>Isoquant Map</i>	175
<i>Marginal Rate of Technical Substitution (MRTS)</i>	176
<i>Diminishing Marginal Rate of Technical Substitution</i>	178
<i>Exceptions to the General Properties</i>	181
Isocost Line	183
<i>Shift in Iso-Cost Line</i>	184
<i>Least-Cost Combination of Factors</i>	186
<i>Expansion Path or Scale Line of the Firm</i>	188
Laws of Returns to Scale: Long Run Production Behaviour	191
<i>Increasing Returns to Scale (IRS)</i>	192
<i>Constant Returns to Scale (CRS)</i>	193
<i>Decreasing Returns to Scale (DRS)</i>	195
<i>Illustration of Laws of Returns to Scale through a Production Function</i>	197
Chapter Questions	199

Chapter 6 Costs of Production

Concept of Cost of Production	200
<i>Explicit Cost</i>	200
<i>Implicit Cost</i>	201
<i>Opportunity Cost</i>	201
<i>Accounting Cost</i>	202
<i>Economic Cost</i>	202
<i>Sunk Cost</i>	202
<i>Irrelevancy of Sunk Costs</i>	203
Short Run Cost	204
<i>Short-run Total Costs</i>	205
<i>Geometry of Short-run Total Costs</i>	207
<i>Short-run Per-Unit Costs</i>	208
Long Run Cost Curves	220
<i>Long-run Total Cost (LTC)</i>	221
<i>Long-run Marginal Cost (LMC)</i>	225
Chapter Questions	226

Chapter 7 Concept of Revenue Curves

Concept of Revenue	228
<i>Concepts of Total, Average and Marginal Revenues</i>	228
Relation between AR and MR	229
<i>Relation under Perfect Competition</i>	229
<i>Relation under Imperfect Competition</i>	231
<i>Relation between AR and MR Curves in Imperfect Competition Market</i>	235
Chapter Question	237

Chapter 8 Product Pricing

Introduction to the Concept of Product Pricing	238
Market Structure and Product Pricing	239
Product Pricing in a Market of Perfect Competition	239
<i>Features (Characteristics) of Perfect Competition Market</i>	239
<i>Price and Output Determination under Perfect Competition</i>	240
Marginal Revenue-Marginal Cost (MR-MC) Approach	241
<i>Short Run Equilibrium of the Industry</i>	242
<i>Short-Run Equilibrium of the Firm</i>	243
<i>Long Run Equilibrium of Firm</i>	244
Product Pricing in Monopoly Market	246

<i>Reasons for Monopoly</i>	247
<i>Price and Output Determination under Monopoly</i>	247
Marginal Revenue-Marginal Cost (MR-MC) Approach	249
<i>Long Run Equilibrium of Firm under Monopoly</i>	250
<i>Price Discrimination under Monopoly</i>	252
<i>Degree of Price Discrimination</i>	253
Dumping	257
Product Pricing in Monopolistic Competition	258
<i>Characteristics of Monopolistic Competition</i>	258
<i>Downward Sloping Demand Curve</i>	260
<i>Equilibrium Output and Price Determination of a Firm</i> <i>under Monopolistic Competition</i>	260
<i>Difference between Perfect Competition and</i> <i>Monopolistic Competition</i>	264
Introduction to Oligopoly Business Market	264
<i>Characteristics of Oligopoly</i>	264
Chapter Questions	266

Chapter 9 Theory of Factor Pricing

Meaning of Factor Pricing	268
Factor Market Structures	269
<i>Factor Pricing In Perfectly Competitive Markets:</i>	
<i>The Marginal Productivity Theory of Factor Pricing</i>	269
<i>Marginal Productivity Theory of Factor Pricing</i>	270
<i>Explanation of the Marginal Productivity Theory of Factor</i> <i>Pricing</i>	270
<i>The Demand Curve of a Firm for a Single Variable Input</i>	271
<i>MRP and VMP in a Perfectly Competitive Product Market</i>	273
<i>Shape of MRP and VMP Curves</i>	273
<i>Optimum Condition for Hiring a Factor (Labour) by a Firm</i>	275
<i>Numerical Illustration of MP, MRP, and VMP</i>	278
Demand for a Factor Input When Several Inputs are Variable	280
<i>The Market/Industry Demand for a Factor</i>	283
<i>The Supply of Labour (a Variable Factor) in Perfectly</i> <i>Competitive Markets</i>	285
<i>The Work-Leisure Trade Off: Backward-Bending Labour</i> <i>Supply Curve</i>	286
<i>Market Supply Curve for an Input (Labour)</i>	288
<i>The Determination of the Factor Price in Perfectly</i> <i>Competitive Market</i>	289
Factor Pricing in Imperfect Competition Market	291
<i>Demand for a Variable Factor by a Monopolistic Firm when</i> <i>Many Factors are Used</i>	295

<i>The Market Demand For and Supply of Labour</i>	296
Bilateral Monopoly	298
<i>A Closing Word on Efficiency in Bilateral Monopoly</i>	301
Theories of Rent	301
<i>Concepts of Economic and Contract Rent</i>	301
<i>Ricardian Theory of Rent</i>	302
<i>Modern Theory of Rent</i>	304
<i>The Concept of Quasi – Rent</i>	307
Theories of Interest Rate	308
<i>Classical Theory of Interest</i>	308
<i>Loanable Funds Theory of Interest</i>	310
Liquidity Preference Theory of Interest	314
<i>Demand for Money</i>	314
<i>Money Supply</i>	317
<i>Determination of the Rate of Interest</i>	317
<i>Liquidity Trap</i>	318
Modern Theory of Interest Rate	319
<i>Derivation of IS-curve</i>	320
<i>Derivation of LM-curve</i>	321
<i>Determination of Rate of Interest</i>	322
Theories of Profit	323
<i>Meaning of Profit</i>	323
<i>The Concept of Gross and Net Profit</i>	323
<i>Risk Bearing Theory of Profit</i>	325
<i>Uncertainty Bearing Theory of Profit</i>	326
<i>Criticism of Uncertainty Bearing Theory</i>	326
<i>Dynamic Theory of Profit</i>	327
<i>Critical Appraisal of Clark's Theory</i>	328
<i>Innovation Theory of Profit</i>	328
<i>Forms of Innovation</i>	328
<i>Critical Appraisal of Schumpeter's Theory</i>	329
Chapter Questions	330
 Pokhara University Board Exam Questions	 331
Bibliography	338
