

Contents

Chapter 1 Nature and Scope of Macroeconomics

Meaning and Concept of Macroeconomics	1
Basic Issues in Macroeconomics	2
Full Employment (Low Unemployment)	3
Inflation	3
Business Cycle	4
Economic Growth	4
Tradeoffs in Macroeconomic Goals	5
Scope of Macroeconomics	6
Importance of Macroeconomics	8
Distinction between Microeconomics and Macroeconomics	8
Interdependence between Microeconomics and Macroeconomics	10
<i>Dependence of Macroeconomics on Microeconomics</i>	11
<i>Dependence of Microeconomics on Macroeconomics</i>	11
Chapter Questions	12

Chapter 2 Circular Flow of Income and Expenditure

Meaning of Circular Flow	13
Major Sectors and Actors in the Macroeconomic Circular Flow	13
<i>Household Sector</i>	14
<i>Business Sector</i>	15
<i>Government Sector</i>	17
<i>Foreign Sector</i>	18
Three Markets for the Interacting Activities of Major Macroeconomic Sectors	19
The Physical and Monetary Flows in the Circular Flow	20
Types of Circular Flow Model	21
<i>Two Sectors Circular Flow Model</i>	22
Domestic Income and Product	23
Aggregate Supply and Demand	26
Equilibrium in the Circular Flow	27
Disequilibrium	28
<i>Reactions to Disequilibrium</i>	29

Equality of Domestic Income and Product	29
Three Sector Circular Flow Model: Three Sectors, Three Markets	30
Equality of Domestic Income and Product	33
Leakages and Injections	34
Government Influence on the Circular Flow: A Preview	35
Four Sector Circular Flow: Adding the Foreign Sector to the Circular Flow	36
Equality of Domestic Income and Product in a System Including a Foreign Sector	39
Importance of the Circular Flow Model	40
Chapter Questions	40

Chapter 3 National Income: Concept and Measurement

Meaning and Definition of National Income	41
<i>Definition of National Income</i>	42
Concepts of National Income and National Product/Output	44
<i>Gross Domestic Product (GDP)</i>	44
<i>Net Domestic Product (NDP)</i>	46
<i>Per Capita GDP</i>	46
<i>Gross National Product (GNP)</i>	47
<i>GNP versus GDP</i>	48
<i>Net National Product (NNP)</i>	49
<i>Personal Income (PI)</i>	50
<i>Disposable Personal Income (DPI)</i>	50
<i>Per Capita Income</i>	51
<i>GDP at Factor Cost and Market Price</i>	51
Nominal, Real and Potential GDP	52
<i>Potential GDP</i>	53
Methods of Measuring National Product and Income	54
<i>Expenditure Approach</i>	54
<i>Income Approach</i>	59
<i>Production Method</i>	65
Difficulties in the Measurement of National Income and Product	70
Limitations of the GDP Concept	72
Chapter Questions	74

Chapter 4	Classical Theory of Employment	
	Introduction	77
	Classical Theory of Employment	78
	<i>Say's Law of Market</i>	78
	Employment and Output Determination under Classical System	85
	<i>Production Function and Supply of Aggregate Output</i>	85
	Labour Market Equilibrium and Output Determination	92
	<i>Effects of a Change in the Demand for Labour</i>	95
	<i>Effect of Change in Labour Supply</i>	96
	<i>Unemployment from the Classical Perspective</i>	97
	The Money Market in the Classical Theory:	
	The Quantity Theory of Money	100
	<i>The Quantity Theory as a Theory of the Price Level</i>	100
	<i>The Classical Quantity Theory as a Theory of Aggregate Demand.....</i>	103
	Determination of the Price Level	105
	Chapter Questions	106
Chapter 5	Principle of Effective Demand	
	Principle of Effective Demand	107
	Now the Question May Be: What is Effective Demand?	107
	<i>Aggregate Supply Function (ASF)</i>	108
	<i>Aggregate Demand Function (ADF)</i>	108
	Determination of Equilibrium Level of Employment	109
	Chapter Questions	112
Chapter 6	Consumption Function and Saving Function	
	Consumption	113
	Consumption Function	113
	Keynes Fundamental Psychological Law of Consumption	115
	<i>Assumptions of Keynes' Psychological Law</i>	115
	<i>Average Propensity to Consume (APC)</i>	117
	<i>Marginal Propensity to Consume (MPC)</i>	117
	<i>Determinants of Consumption</i>	120
	<i>Measures to Raise Propensity to Consumption</i>	121
	Saving Function	122
	<i>Average and Marginal Propensity to Save</i>	123

<i>Determinants of Saving</i>	125
The Paradox of Thrift	125
Chapter Questions	126

Chapter 7 The Investment Function

Meaning of Capital	127
Meaning of Investment	128
Investment Function	128
Types of Investment	129
Marginal Efficiency of Capital (MEC)	131
Limitation of MEC	134
Investment Demand Curve	135
Determinants of Investment	136
Other Determinants of Investment	137
Short Run Factors	137
Long Run Factors	138
Relation between MEC and MEI	139
Difference between MEC and MEI	141
Chapter Questions	141

Chapter 8 Income Determination in Closed and Open Economy (Goods Market Equilibrium)

Meaning and Concepts Goods Market	143
Determination of Equilibrium Income and Output:	
Keynesian Approach	143
<i>Equilibrium and Disequilibrium</i>	144
Analysis of Equilibrium Income and Output Determination	145
<i>Equilibrium Output and Income Determination in</i>	
<i>Two Sector Economy</i>	146
<i>Investment Expenditures</i>	148
<i>Equilibrium Income and Output: Graphs</i>	149
<i>Equilibrium Output and Income: Equations</i>	150
Equilibrium Income with the Saving Investment Equality Approach.....	151
<i>Numerical Illustration of Equilibrium Income in</i>	
<i>Two Sector Economy</i>	152
<i>Equilibrium Income/Output in a Three Sector Economy</i>	154

<i>First Fiscal Model and Equilibrium Level of Income/Output</i>	155
<i>Other Variables and Equations</i>	156
<i>Equilibrium Level of Output/Income: Equations</i>	159
<i>Equilibrium Income /Output with Saving and Investment Equality: The Leakages -Injections Approach</i>	159
<i>Equilibrium Income in the First Fiscal Model: Leakages-Injections Approach</i>	160
<i>Equilibrium Output/Income: Graphical Illustration</i>	161
<i>Second Fiscal Model and Equilibrium Level of Income/Output</i>	163
<i>Equilibrium Level of Income /Output: Equations</i>	163
<i>Equilibrium Income with Leakages- Injections in the Second Fiscal Model</i>	164
<i>Third Fiscal Model and Equilibrium Level of Income/Output</i>	164
<i>Equilibrium Level of Output/Income: Equations</i>	165
<i>Equilibrium Output/Income in a Four-Sector Economy</i>	166
<i>Determination of Equilibrium Output/Income</i>	167
<i>Equilibrium Level of Income/Output: Equations</i>	169
<i>First Fiscal Model and Equilibrium Output/Income in a Four Sector Economy</i>	170
<i>Second Fiscal Model and Equilibrium Output/Income in a Four Sector Economy</i>	170
<i>Third Fiscal Model and Equilibrium Level of Output/Income in a Four Sector Economy</i>	171
<i>Equilibrium Income/Output in Four-Sector Leakages-Injections Model</i>	172
<i>The Leakages- Injections Balance: Equations</i>	173
<i>The Equilibrium Output/Income: Graph</i>	174
<i>Equilibrium Output and Income in Terms of Leakages-Injections Model: Graph</i>	175
<i>Recessionary and Inflationary Gaps in Keynesian Model</i>	176
<i>Recessionary Gap in Keynesian Model</i>	176
<i>Expansionary Fiscal Policy to Manage Recessionary Gap</i>	177
<i>Inflationary Gap in Keynesian Model</i>	178
<i>Contractionary Fiscal Policy to Control Inflationary Gap</i>	178
<i>Chapter Questions</i>	179

Chapter 9	The Concept of Multiplier	
	Introduction	181
	Keynesian Investment Multiplier	182
	<i>Assumptions of the Keynesian Investment Multiplier</i>	183
	<i>Explanation of the Multiplier Effect</i>	184
	<i>Derivation of the Keynesian Simple Investment Multiplier: Equations</i>	184
	How and Why the Multiplier Works?	187
	Multipliers other than the Simple Investment Multiplier	190
	Multipliers in a Three-Sector Economy	190
	<i>The Simple Tax Multiplier</i>	190
	<i>Government Expenditure Multiplier</i>	193
	<i>The Balanced-Budget Multiplier</i>	195
	<i>Government Transfer Payments Multiplier</i>	196
	Multipliers in the Four-Sector Economy	198
	<i>Foreign Trade Multiplier (FTM): The Import Trade Multiplier</i>	203
	<i>Leakages in the Multiplier</i>	204
	<i>Criticism of the Keynesian Multiplier Concept</i>	205
	<i>Importance of the Multiplier Concept</i>	207
	<i>Numerical Illustration</i>	208
	Chapter Questions	209

Chapter 10	Theories of Interest Rate	
	Concept of Money Market	211
	Classical Theory of Interest	211
	<i>Concept</i>	211
	<i>Demand for Capital / Fund</i>	211
	<i>Supply of Capital / Fund</i>	212
	<i>Determination of Rate of Interest</i>	212
	<i>Criticisms of Classical Theory of Interest</i>	213
	Loanable Funds Theory of Interest	214
	<i>Introduction</i>	214
	<i>Demand for Loanable Funds</i>	214
	<i>Total Demand for Loanable Funds (DL)</i>	215
	<i>Supply of Loanable Funds</i>	216
	<i>Total Supply of Loanable Funds (SL)</i>	216
	<i>Determination of Rate Interest</i>	217

<i>Criticisms</i>	218
Liquidity Preference Theory of Interest	218
<i>Meaning</i>	218
<i>Demand for Money</i>	218
<i>Money Supply</i>	221
<i>Liquidity Trap</i>	222
Modern Theory of Interest	223
<i>Derivation of IS-curve</i>	223
<i>Derivation of LM-curve</i>	224
<i>Determination of Rate of Interest</i>	225
Chapter Questions	226

Chapter 11 IS-LM Analysis General Equilibrium of Product and Money Market

Introduction	227
IS Curve: Equilibrium in Goods / Product Market	227
<i>Derivation of IS-curve</i>	228
LM Curve: Equilibrium in Money Market	229
<i>Derivation of LM-curve</i>	229
Determination of Rate of Interest and Output/Income	230
Shift in the IS and LM Curves	230
<i>Factors That Cause the IS Curve to Shift</i>	231
<i>Factors That Cause the LM Curve to Shift</i>	232
Effect of Shift in Monetary and Fiscal Policy	233
Chapter Questions	237

Chapter 12 Macroeconomic Equilibrium

Meaning of Aggregate Demand	239
Derivation of Aggregate Demand Curve	239
Aggregate Supply	241
Macroeconomic Equilibrium (Equilibrium with AD and AS)	242
Effect of Shift in aggregate supply	244
<i>Impact of a Shift in Aggregate Demand</i>	244
<i>National Income Equilibrium when Aggregate Supply is Perfectly Elastic</i>	245
Shift in the LRAS	246

Chapter questions	247
Chapter 13 Theories of Inflation	
Meaning of Inflation	249
Important Characteristics of Inflation	250
Types of Inflation	250
Measurement or Measures of Inflation	252
Causes of Inflation	255
<i>Demand - Pull Inflation</i>	256
<i>Cost-Push Inflation</i>	259
Mixed demand- pull cost- push inflation	261
Effects of Inflation	263
Measures to Control Inflation	264
The Phillips Curve	266
<i>Expectation Augmented Phillips Curve</i>	268
Chapter Questions	270
Chapter 14 Trade Cycle/Business Cycle	
Introduction	271
Types of Trade or Business Cycle	272
Features or Characteristics of Trade Cycle	273
Phases of Trade Cycle	273
<i>Depression Phase</i>	274
<i>Trough</i>	274
<i>Recovery Phase</i>	275
<i>Prosperity Phase</i>	275
<i>The Peak or Boom</i>	276
<i>Recession Phase</i>	276
<i>Contraction Phase</i>	277
<i>Expansion Phase</i>	277
Measures to Control Trade Cycle	277
<i>Monetary Policy Measures</i>	277
Fiscal Policy Measures	278
Chapter Questions	279

Chapter 15 Monetary and Fiscal Policies

Monetary Policy	281
<i>Objectives of Monetary Policy</i>	281
<i>Instruments of Monetary Policy</i>	282
<i>Significance of Monetary Policy in Developing Countries</i>	285
Fiscal Policy	287
<i>Meaning</i>	287
<i>Objectives of Fiscal Policy</i>	287
<i>Instruments of Fiscal Policy</i>	288
Chapter Questions	291
Bibliography	292
Board Examination Questions	294
